# CREATE YOUR OWN MEMORY LANE BANNER

Welcome to the Memory Lane Banner workshop – where you're the elves crafting memories instead of toys! Grab your supplies, and let's get started on creating your very own family banner of memories!

## 1. WHAT YOU WILL NEED

Hole Puncher

Scissors

Glue

Strings

Marker or pen

## 2. FIRST, SOME PREP WORK

- 1 Print your favourite family photos, gather small mementos and meaningful phrases from this year. It can be from the earlier or more recent part of 2024.
- 2 This is optional, but you can make it more vibrant by print the templates on different coloured paper!

## 3. LET'S GET CRACKING!

(Use template in pages 5 & 6!)

- 1 Print out the flags in **Page 6** and personalise with the prompts in **Page 5**, drawings, photos etc. Let everything dry before moving on to the next step.
- 2 Use your hole puncher to make two small holes at the top of each cutout. Take your string, and measure enough to fit all of your cutouts. Leave extra length at each end for hanging!
- 3 Thread string through each cutout. Tie a small knot on both ends to keep everything in place. You can also secure with tape on the back.
- 4 Personalise each cutout piece! Use markers, pens, coloured pencils etc. to add text or decorations, representing a memory or milestone.

# PRINT-OUT

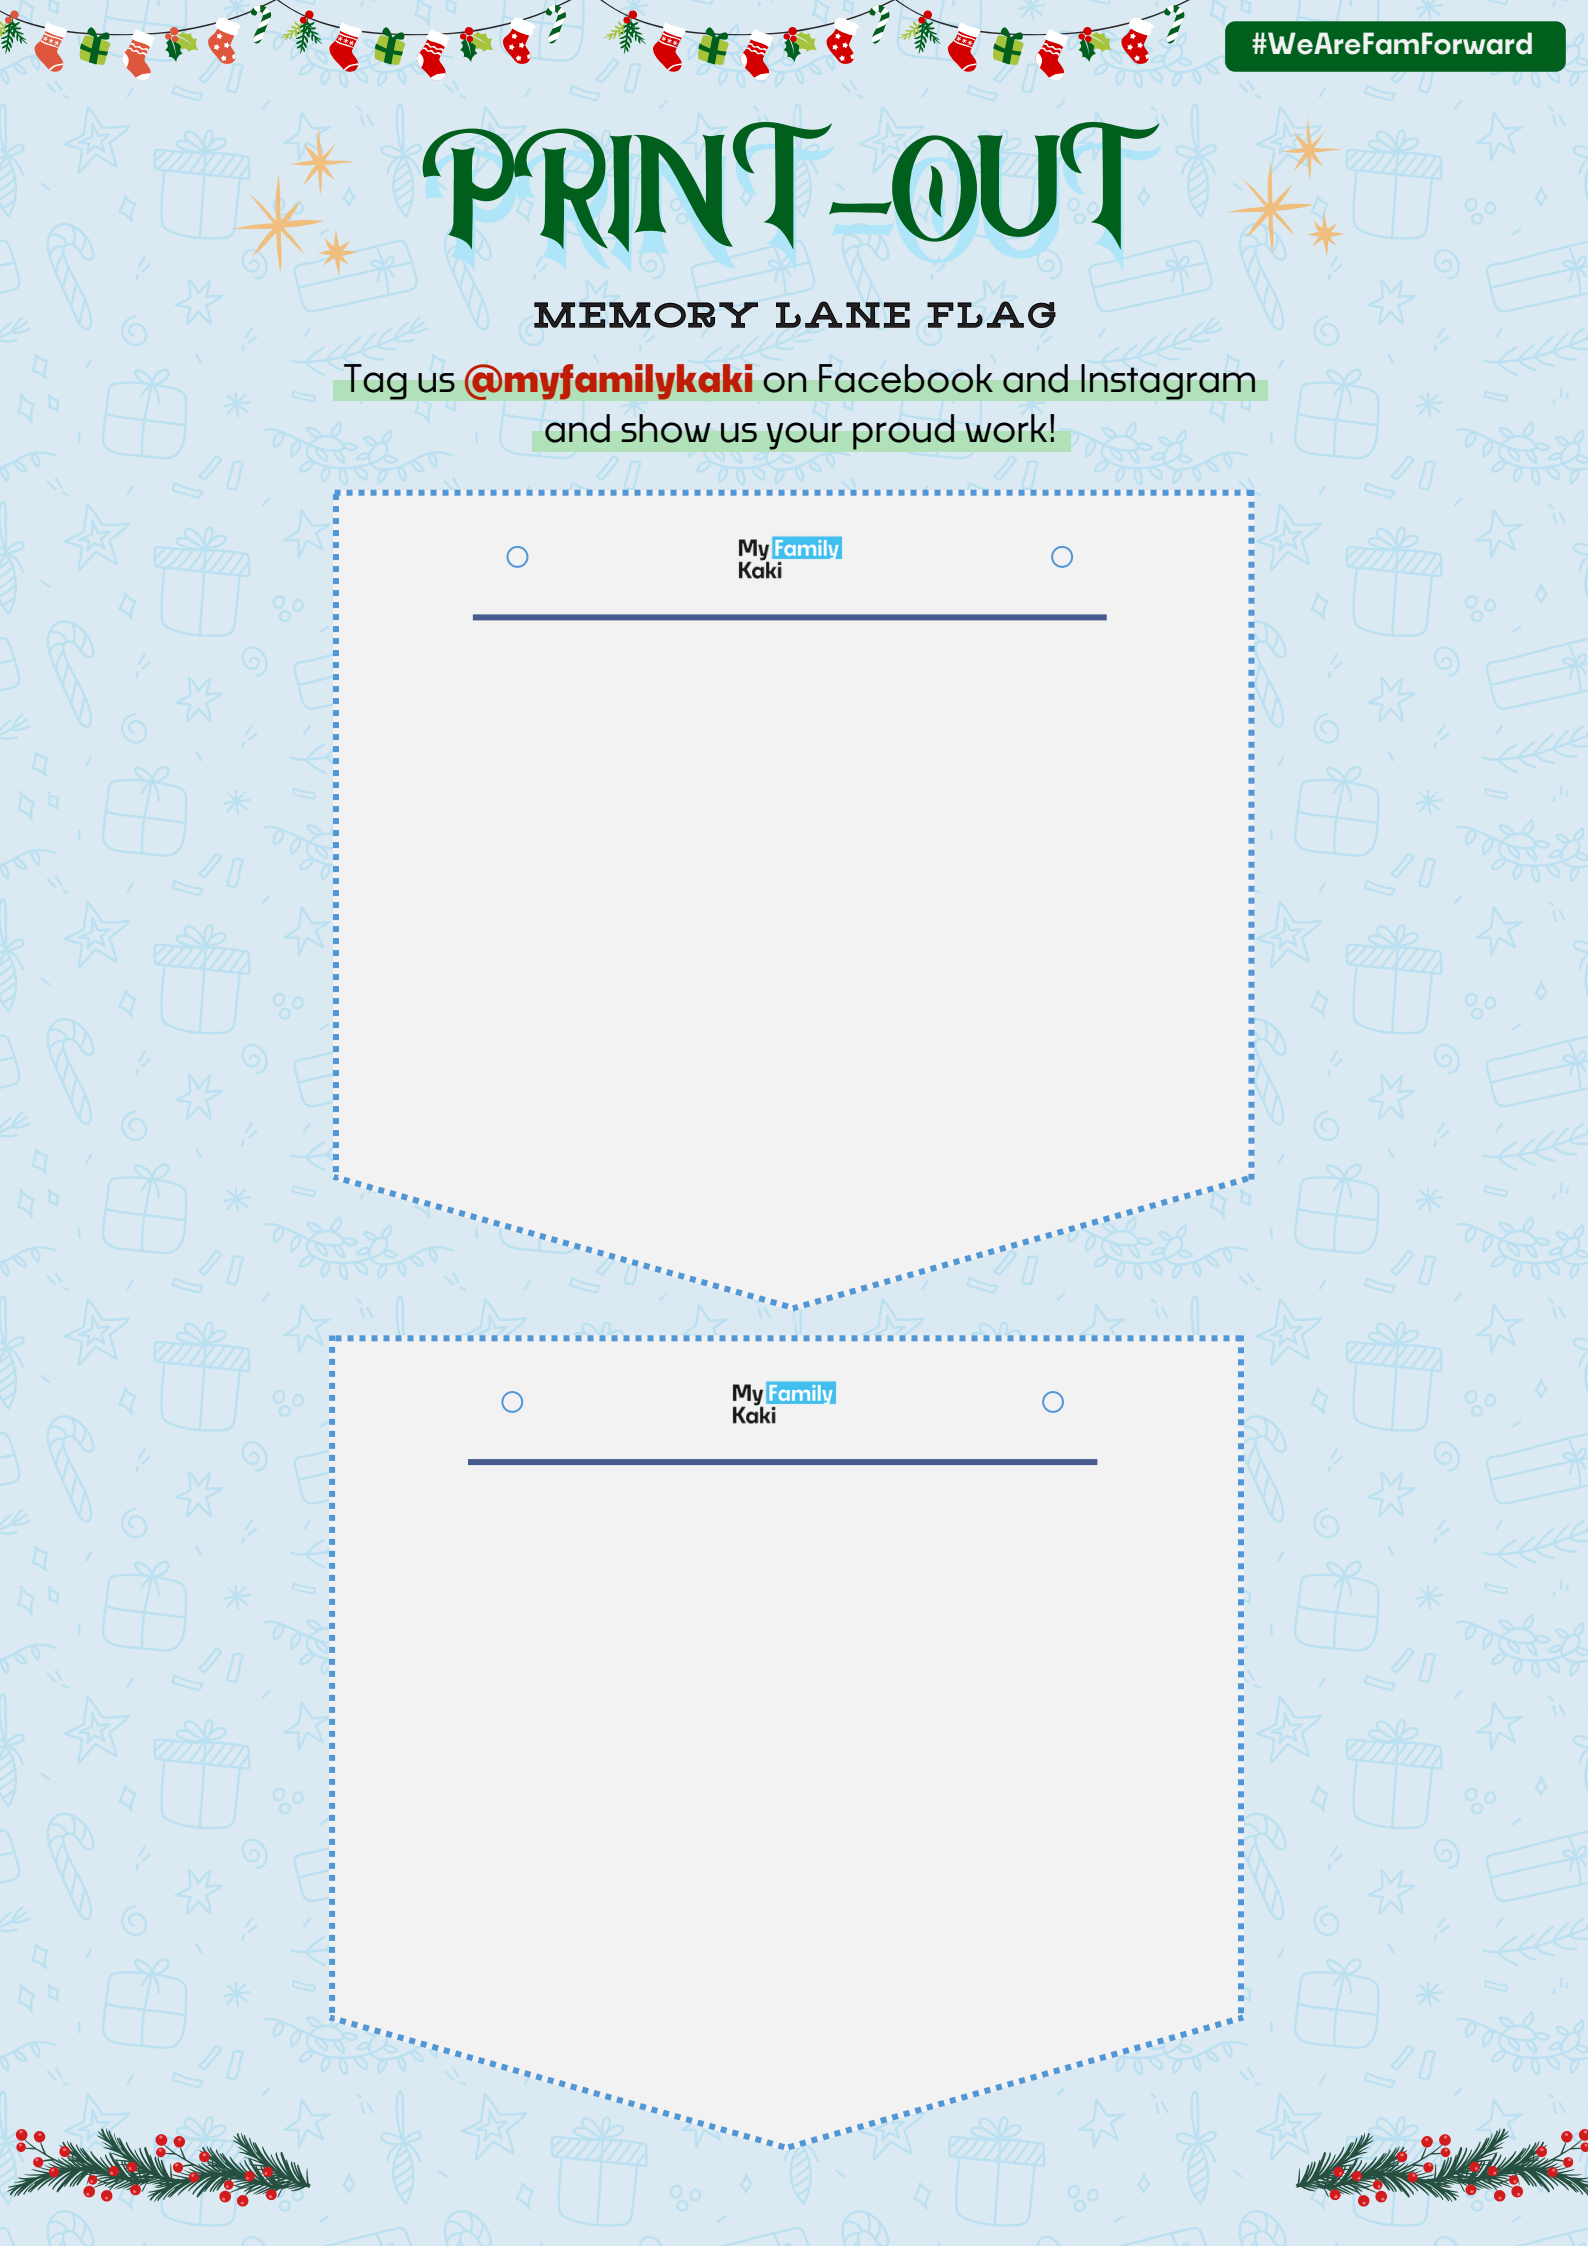

To get you started, here are some prompts for you to write on the memory flag printouts in the next page! Once you've written the prompts, you can begin personalising and customising.

## BANNER FLAG PROMPTS

- 1 Favourite Family Tradition**
- 2 A Memory that Made Us Laugh**
- 3 Proudest Family Moment**
- 4 A Place We Love to Visit Together**
- 5 Our Inside Family Joke**
